How It Works

(W) x (D) x (H)

- Measure your room and make a rough sketch showing services and doors
- Visit our store and select the correct carcasses to fit into your project
- Choose your colour of cupboard doors and worktops from our high quality range - and don't forget accessories
- Save time and effort by letting us pre-cut, edge and drill holes in the doors, so all you have to do is install them
- Allow us to deliver your units at very competitive rates
- You can do the installation yourself or let us recommend a professional
